REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Upon further consideration the examiner sees no proper motivation to combine The teachings of Bainbridge and Spinney Jr.
3. The problems addressed by the Bainbridge et al. reference (namely, stiffness of material that does not conform well to the body of an active athlete, lack of material breathing to dissipate body heat, inability to be sewn into or washable with an athlete's uniform, absorption of moisture and odor) are quite different from the problems addressed by the claimed invention (namely, water drainage, consistency, time, and cost). Thus, in taking the teachings of the Bainbridge reference, one of ordinary skill in the art at the time of the invention would not have been motivated to use the Bainbridge material as part of a complex article, such as an artificial turf, in the manner claimed by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Miller whose telephone number is (571)272-1534. The examiner can normally be reached on M-F.
